June 1, 2012

Dear Valued Client,

HealthNet recently released a correspondence to all its members and providers indicating Quest Diagnostics as HealthNet's preferred laboratory provider. The subject announcement has caused some confusion for clients and patients utilizing our services. The purpose of this correspondence is to assure our clients and patients that you can continue using Foundation Laboratory for all laboratory related activities. Foundation Laboratory is and continues to be a contracted laboratory within the HealthNet ancillary provider network. HealthNet has over 250 laboratories contracted under their network of National, State and/or Regional providers. Foundation Laboratory's extensive network of Patient Service Centers is readily available for all clients and patients utilizing HealthNet as their healthcare provider. You may visit www.foundationlaboratory.com for Patient Service Center locations and hours.

Should you have further questions regarding our provider coverage please contact our billing department at (909)623-9301 Press 4.

Please let us know if you have any further questions or concerns and thank you for using Foundation Laboratory for your clinical laboratory needs.

Sincerely,

Areg Boyamyan
Senior Vice President
