Dear Valued Clients,

United Healthcare recently released a National Laboratory Affiliate Reference Guide in December of 2010, which lists national clinical and specialty laboratory providers. United Healthcare has over 1300 laboratories contracted under their network of National, State and/or Regional providers. Please be aware that the list issued by United Healthcare is not all inclusive and furthermore be advised that healthcare providers can refer to the UnitedHealthcareOnline.com>Physician Directory for a complete laboratory list. Please view the print screen from the online provider tools that lists Foundation Laboratory as an **In Network provider**. Should you have further questions regarding our provider coverage please contact Gina Koba at (909)242-5954.

In addition, other participating lab providers may be listed below.

Based on your location of CA 91768, 2 facilities met the search criteria you specified.
